Pixel car racer pc download free

Developed by studio Furukawa, Pixel, Auto racer is a wonderful racing game that is aimed especially at nostalgic players. Perfect for phone and Android platforms, it's both classic in its retro style and innovative in the RPG Sandbox experience it offers. The goal of the game As in any motor racing game, the main goal is to be on top of several races. In your sports car, you are therefore invited to use all your skills as an experienced driver to overtake all your opponents and finish first in each race. At the end of these, you will be able to win money that will then be used to get new, more beautiful and powerful cars, or simply buy upgrades to customize the cars you own. A surprising universe in pixel, the racing driver, the player is immersed in a pixelated setting that gives the game its retro style. However, the graphics are not neglected, on the contrary, they are perfectly clean. In fact, it is possible to see in the game, many specific details especially well thought out, complemented by animations of amazing fluency. With unlimited customization options and the number of cars you can unlock, you won't want to stop playing.
